

# THE BEST ACADEM Y IN YOUR CLUB

With the Tito Allemandi  
methodology

A dynamic action shot of a male soccer player, Tito Allemandi, in a black jersey, captured mid-stride with his mouth open in a shout. He is holding a soccer ball in his right hand. The background is a dark, textured surface with a bright light source creating a lens flare effect. In the bottom right corner, there is a smaller, semi-transparent image of the same player in a similar pose.

My methodology will help you make your club professional and the most competent in your area: it is based on the club's teaching being the same for every student, regardless of which teacher the student is assigned to, and that everyone teaches with the Tito methodology Allemandi, what is also achieved with this methodology is that the client remains with the club and not with the teacher, monitoring the student daily, writing down their errors or positive data in order to achieve the student's objectives, where the student can see all your tracking. With this monitoring you will make the Academy professional.**
- **The teacher will be given the methodology so he knows day by day what he has to work on in each class.**

# Your digitized academy

- Everything being digitalized, with a website, where you will have all the Tito Allemandi academies and advertising your academy and the club's sponsors, having a profile for the student and for the management of the club, where you can keep the agenda of the classes. the club teachers and thus the teachers through there know the classes they have, with whom and how many they took.
- There is feedback so that the student can communicate with the Academy if they have questions.
- A director from my team will be appointed or the one the club chooses will be trained.
- Training will be provided for the club's teachers, both in person and online.
- Your Academy will be monitored to ensure that everything is working properly.
